THE ULTIMATE CHOICE: ARMAGEDDON OR AWAKENING (PAPERBACK)

Createspace, United States, 2013. Paperback. Book Condition: New. 216 x 140 mm. Language: English . Brand New Book ***** Print on Demand *****.Can there be any doubt that this is the most perilous period in human history? Through our ignorance and self-indulgence, our judgmentalness and fear, we have opened the door in our personal and collective lives to malevolent forces of polarization and conflict. On 9/11, in an apocalyptic scene, darkness descended and was utilized by those who, in their drive for power and dominance, are holding humanity hostage. With that, the belief in Armageddon as a mere myth was shattered. Today, we are standing in its very shadow. This is because lack of awareness and semi-conscious living have led us to march blindly toward a very steep cliff, with the possibility of a fall into a gorge that has the potential to become a gruesome planetary grave. The last one hundred years in particular have been a checkered history of contrasts and dichotomies: dreams of liberation amid brutal dictatorships, improved living standards amid an environmentally ravaged Earth, growing materialism amid spiritual hunger, the collapse of the old and familiar, the shaking of structures, of lives. We have been rattled by wars, revolutions, concentration camps, gulags, atom bombs, human rights abuses, financial meltdowns, economic hardships, environmental abuses, terror and torture. And we have been directed into more inclusive, unified thinking by Quantum physics, Eastern spirituality, Western holistic thought, the World Wide Web, our own con-science. All these remind us that there are concepts that need to be erased and behaviors that must expire if humanity is to live. Above all, our primary allegiance must shift from tribe or nation to humanity as a whole, knowing that once the heart is anchored there, we cannot but be humane toward people everywhere....
