

You are My World: How a Parent's Love Shapes a Baby's Mind (Hardback)

Filesize: 7.05 MB

Reviews

Merely no words to clarify. I could comprehend almost everything using this published e publication. It is extremely difficult to leave it before concluding, once you begin to read the book.
(Lori Terry)

YOU ARE MY WORLD: HOW A PARENT S LOVE SHAPES A BABY S MIND (HARDBACK)

Stewart, Tabori Chang Inc, United States, 2007. Hardback. Book Condition: New. 185 x 160 mm. Language: English . Brand New Book. Together, the pictures and words of You Are My World lend a whole new meaning to the phrase baby talk. By pairing lovely black-and-white photographs of infants with captions that reflect reality as seen through their newborn eyes, the book celebrates the continually miraculous interaction that occurs between babies and the most significant people in their young livestheir mothers and fathers. Children s minds are molded by experience, and science tells us that the way a parent touches, holds, looks at, and responds to a baby has a lifelong impact on the way that this brand-new person will come to see the world and his or her place within it. You Are My World gratefully acknowledges the profoundly shaping influence that a parent s love and attention have on a baby s mental and emotional development. Your love is my first teacher, says one of the adorable infants portrayed here. Like each of the book s captions, this simple but poetic statement captures and illuminates every baby s desire for, receptivity to, and sheer delight in a parent s love. Featuring a die-cut frame in which parents can place a photo of their own child, You Are My World will become a treasured family keepsake. You Are My World evokes the powerful reality of how the parent-infant relationship sculpts the minds and brains of our children. Amy Hatkoff has offered us an exquisite tour of the intimate human connections from which our deepest sense of self emerges. What a wonder-filled gift to help all parents Bravo! Daniel J. Siegel, MDAuthor, The Developing Mind: How Relationships and the Brain Interact to Shape Who We Are ; The Mindful Brain: Reflection...
