Farrar, Straus and Giroux (BYR), United States, 2015. Hardback. Book Condition: New. 206 x 147 mm. Language: English . Brand New Book. Eleven-year-old George has a dog, Bart, who seems to know everything about him- from when he is feeling sad to when he will arrive home from school. George s new neighbor and classmate, Lester, also has a dog, Bill Gates, and Lester thinks he is the smartest animal in the world. When their teacher assigns a school science project about animal behavior, George and Lester decide to conduct an experiment based on the world-famous Rupert Sheldrake s experiments about dogs. George even has an email exchange with Dr. Sheldrake to help him with the project-and he and Lester soon find out that, through a few simple experiments, kids can make scientific discoveries, too. This middle-grade boys and dogs story is inspired by Rupert Sheldrake s bestselling adult book, *Dogs that Know When Their Owners Are Coming Home*.
