Strategic Book Publishing. Hardcover. Book Condition: New. Hardcover. 196 pages. Dimensions: 9.1in. x 6.2in. x 0.9in. Americas future depends on a vibrant highway system capable of supporting industry and the travel needs of its citizens. The countrys highway system can trace its roots to the movements of major armies in colonial times, such as British General Braddock using George Washingtons assistance in a disastrous attack of French forces defending Ft. Duquesne. These early roads developed into the engineering marvels of todays modern highway system. But this system is in serious trouble. Inadequate funding and poor management are responsible for its gradual deterioration, and along with it, the U. S. economy. A broad range of solutions can solve this problem, some of which involve transforming public transportation agencies into privately operated utilities. Many of these exciting solutions also offer the potential to solve Americas funding problems. This book is must-reading for anyone concerned with Americas future, as it shows us **The Road Ahead. . .** About the Author: Philip Tarnoff received an electrical engineering degree from Carnegie Mellon University and a masters degree from New York University.
