## Reviews

*Extensive information! Its this type of excellent study. I have read and i am sure that i will gonna go through yet again once more down the road. Once you begin to read the book, it is extremely difficult to leave it before concluding.*

# RECONSTRUCTING POLITICAL THEORY: FEMINIST PERSPECTIVES

Polity Press. Paperback. Book Condition: new. BRAND NEW, Reconstructing Political Theory: Feminist Perspectives, Mary Lyndon Shanley, Uma Narayan, In this volume leading feminist theorists re--think the traditional concepts of political theory and expand the range of problems and concerns regarded as central to the analysis of political life. Written by well--known scholars in philosophy, political science, sociology and law, the book provides a rich interdisciplinary account of key issues in political thought. While some chapters discuss traditional concepts such as rights, power, freedom and citizenship, others argue that less frequently discussed topics in political theory -- such as the family, childhood, dependency, compassion and suffering -- are just as significant for an understanding of political life. The opening chapter by Narayan and Shanley shows how this diverse set of topics can be linked together and how feminist theory can be elaborated systematically if it takes notions of independence and dependency, public and private, and power and empowerment as central to its agenda. This book will be of interest to a wide audience concerned with the study of gender, and to all those in political science, philosophy, legal studies and womena s studies who are interested in the way in which political theory and practice can be fruitfully reconceived with the help of feminist perspectives.
