Grange Books, 2005. Hard Cover. Book Condition: New. The World's Worst Historical Disasters examines some of the most significant natural and man-made disasters in world history, from those almost lost in the mists of time, such as the plague in Athens (428BC) which killed 75% of the population and the earthquake in Corinth (856) that left 45,000 people dead, to modern day catastrophes such as the New Delhi air collision (1996) and the Samastipur train disaster (1891) which both cost hundreds of lives. Every type of large-scale disaster is featured, including plagues, earthquakes, volcanoes, genocides, floods, train crashes and aircraft crashes. Each fascinating account gives a full and detailed analysis of the events leading up to the disaster, the actual disaster itself and then the extent of the damage and the dreadful aftermath. Learn about the sixth-century massacre at Milan, the great fire of London (1666) and the historic San Francisco earthquake (1906). Each story is highly illustrated bringing every disaste to life, while key fact boxes outline the most important information and allow the reader to see facts at a glance. Whether the result of mankind's actions or an inevitable and uncontrollable act of nature, The World's Worst Historical Disasters will provide an educational and riveting read.
