

iPhoto 5: The Missing Manual (5th Revised edition)

By David Pogue, Joseph Schorr, Derrick Story

O'Reilly Media, Inc, USA. Paperback. Book Condition: new. BRAND NEW, iPhoto 5: The Missing Manual (5th Revised edition), David Pogue, Joseph Schorr, Derrick Story, Our Missing Manual is hands-down the bestselling book on iPhoto. And now, updated to cover Apple's newest release, iPhoto 5: The Missing Manual comes fully loaded-and in full color-so you can exercise all the power, flexibility, and creativity of the stunning new iPhoto 5. Some of iPhoto 5's fifty new features are tiny nips and tucks, such as menu rewordings, quiet refinements, and secret keystrokes that take most people days to stumble through. Others are big-ticket overhauls aimed at both power users (RAW-file import and editing, color correction sliders, real-time histogram) and everyday shutterbugs (nested file folders, individual-photo control in slideshows, and a completely rewritten book-layout kit). Additional improvements include a robust search feature (similar to that of iTunes) and the addition of "objects" for slideshow and book projects (using objects, you can manipulate images without affecting pictures in your master library). iPhoto 5: The Missing Manual covers them all with the scrupulous objectivity, clever wit, and technical wisdom you count on from David Pogue along with the Mac and digital photography expertise of Derrick Story....
