This is the most correct Catalogue in this line ever issued. It contains the name and maker s name of nearly every stove manufactured, and also an explanation of how the stoves are numbered, and other valuable information regarding stove repairs never heretofore published. We carry repairs for all the stoves as mentioned in the Catalogue, and are constantly adding to the list. We do not carry in stock odd pieces, such as mica doors, oven plates, etc., except as mentioned in the Catalogue, but we will endeavor to obtain the same for you if possible, and will furnish at lowest rates. Our line of patterns and our stove repair plant, including foundry, is the largest and most complete in the world. Our five-story warehouse contains over 1,000 tons of repairs, and it is divided into about 20,000 apartments, so arranged that we can furnish repairs with great despatch. We only use first-class materials in the manufacture of our goods, and fully warrant them to be unexcelled. Our stock of brick linings, patent adjustable stove linings, water fronts and fixtures is the most extensive in this country. A partial list is given in the back part of the Catalogue.
