

The Silk Road: A Very Short Introduction

Filesize: 7.81 MB

Reviews

The ebook is great and fantastic. We have read and i also am sure that i am going to likely to go through once again again down the road. Once you begin to read the book, it is extremely difficult to leave it before concluding.

(Erica Turcotte)

THE SILK ROAD: A VERY SHORT INTRODUCTION

Oxford University Press Inc. Paperback. Book Condition: new. BRAND NEW, The Silk Road: A Very Short Introduction, James A. Millward, The phrase "silk road" evokes vivid images: of merchants leading camel caravans over deserts and steppes to trade exotic goods in the bazaars of glittering Oriental cities, of pilgrims braving bandits and frozen mountain passes to gather scriptures and spread their faith across continental expanses. Beyond the exotica, however, this VSI will be a sketch of the historical background against which the silk road flourished, and an essay on the significance of old-world intercultural exchange to Eurasian and world history generally. On the one hand, Millward treats the silk road broadly, as a metonym for the cross-fertilizing communication between peoples across the Eurasian continent since at least the Neolithic era. On the other, he highlights specific examples of goods and ideas exchanged between the Mediterranean, Persian, Indian, and Chinese regions, along with the significance of these exchanges. While including silks, spices, travelers' tales of colorful locales, the main focus of the book is to outline the dynamics of Central Eurasian history that promoted silk road interactions, especially the role of nomad empires; and to highlight the importance of the biological, technological, artistic, intellectual, and religious interchanges across the continent. Millward shows that these exchanges had a profound effect on the old world that was akin to, if not yet on the scale of, modern globalization. Millward also considers some of the more abstract contemporary uses to which the silk road concept has been put. It is, of course, a popular marketing device for boutiques, museums, restaurants, and tour operators from Venice to Kyoto. More than that, however, the silk road has ideological connotations, used sometimes to soften the face of Chinese expansion in Central Asia, or, in the US culture...
