Non-verbal cues also play a big part in the message you are trying to get across. These are the gesticulations, facial movements, and subtleties that communicate with the people around us. Excerpt: Ever wondered how those psychics and fortune tellers can know so much about us? It s not because they have some super power, but rather because they ve mastered body language. They read us like a book and take highly informed guesses about our life. So much power can be gained in your professional life as well as your personal life, by being aware of the non-verbal cues you are giving and learning how to control them! Be it in a job interview, a meeting, at social or family gathering, or even on a date, it is important to be aware of your body s language.
